## A PAIR EXCHANGE.

"What is a kleptomaniac?"  
A suitor asked a fickle maid.  
"It's one who steals all sorts of trash  
And has no use for it," she said.  
He thereupon, in manner rash,  
Replied with vim that made her start.  
"Then you're a kleptomaniac,  
For you have stolen my poor heart!"  
At first she was inclined to call  
His bold assertion most unfair;  
And then she murmured, "After all,  
Why not take mine and call it square?"

## IF YOU WOULD BE INFLUENCED OR GUIDED FOR YOUR OWN WELFARE

By the experience of 75 of your neighbors and friends, keep this fact ever before your mind: The average GAS BILL per month in 75 residences right here in Maysville—where Gas Ranges were in use last summer for the months of June, July, August and September—was \$2.81. Think of it, 84 cents per day. Where are you getting any such value with any to cents that you spend? No other means that you can command will work such wonders at so small a cost. Who is there so poor that cannot afford it?

## Move to Make Law Plain

Suggested By Decision in Powers Case

A new movement by Caleb Powers's friends in Washington is in the direction of securing an Act of Congress amending the Federal Statutes (Sections 641 and 642) in such a way as to take Powers's case out of the State Courts and transfer it to the Federal Courts.

The bill has been prepared by John W. Langley, Disbursing Officer of the Census Bureau, and will be introduced in the House by Representative J. A. Hughes of West Virginia.

The bill will seek to empower the United States Circuit Court to remove any case from the State to the Federal Court upon being satisfied that the defendant cannot obtain justice in the State Court.

BASED ON HARLAN'S OPINION.

It is based on Justice Harlan's opinion in the Powers case.

Mr. Langley said—

"It is clear from the Supreme Court's decision that Congress has the power to enact a statute that will permit cases to be removed to the Federal Courts when fair trials are denied in the State Courts.

"Justice Harlan's opinion broadly intimates that such an act can be passed without any infringement upon the Constitution.

"I have talked with several members of the House and they are heartily in favor of the bill.

"I also have the opinion of some of the most famous lawyers in the Senate, who say that the act would be constitutional beyond a doubt.

"I am satisfied if it passes it will obviate in the future such serious exhibitions of wrong and injustice as have characterized the Powers case and which Justice Harlan intimates have been shocking to all lovers of justice and fair play."

Representative Hughes, who has agreed to be its sponsor, formerly lived in Kentucky and was a member of the Kentucky Legislature.

Franking Abuses Detected

Departments as Well as Congressmen Abuse the Franking Privilege Bestowed by Uncle Sam

When Chairman Overstreet of the House Postoffice Committee gets around to making the investigation of alleged abuses of the franking privilege called for by the Simms resolution introduced three weeks ago, he will have brought to his attention some interesting cases in which his colleagues have used their franks for the most remarkable purposes, says a Washington telegram to The Philadelphia Record. At least it is to be presumed these cases will be brought to the attention of the committee, as it is understood they are known to the officials of the Postoffice Department, who will naturally be called on by Chairman Overstreet for evidence as to improper use of the mails by members. It is the duty of the department to stop abuses, and it is anxious to do so for the reason that such abuses figure prominently in the causes that bring about the heavy annual deficit in the postal revenues.

The very latest misuse of the franking privilege that has been discovered occurred a week ago. A meeting was held in Washington last Sunday night to denounce the treatment of the Jews in Russia. Neither Congress nor the United States Government had any connection with this meeting naturally. But a member of the House, it is said on good authority, allowed his official frank to be used on the envelopes in which the circulars were sent out inviting prominent citizens to attend the meeting. This member comes from a district having a large Jewish population, and naturally he has much sympathy with the effort to better the condition of the terribly oppressed Jews in Russia. But he ought to have been willing to go down in his own pocket and pay the small amount it would have cost to put postage stamps on the

few hundred circulars sent out inviting citizens of Washington to the meeting rather than use his official frank for that purpose. The member said to have been guilty of this abuse of the franking privilege is very well known.

FRANKING MINING PROSPECTORS.  
A much more flagrant case is that of a member from the far West. Some months ago it was discovered that 10,000 envelopes bearing the frank of this member and containing circulars eloquently extolling a certain mining property had been sent through the mails. It is said the Department called the member's attention to the gross abuse of his frank and asked an explanation. The statesman in due time replied, acknowledging the corn, but putting the blame on his "inexperienced clerk." Not long afterward, however, the inexperienced clerk repeated the operation with a smaller number of the same mining circulars. Again the member's attention was called to the matter, but this time, it is understood, he did not condescend to reply.

Some members regard typewriters as a necessary part of their official outfit, and it is said many cases are known in which typewriters have been franked through the mails. The Department officials seem to feel there is a question about their right to stop this proceeding on the part of members in view of the arguments the latter put forward in justification of it. But the Department would very much like to have the expense of carrying the typewriters through the mails put into a separate account, so that it would not go into the general accounts that tend to swell the annual postal deficit. Congress has the undoubted right to say what shall go free in the mails, but the Department wants a clear understanding about the matter, and, if possible, a system by which the cost of the Congressional franking privilege shall be set out by itself.

BILLIARD TABLE AS OFFICIAL MAIL.  
Members of Congress are not alone in abuse of the franking privilege. Some of the Departments load the mails with very curious shipments under their penalty envelopes and penalty labels. This is another means by which the postal deficit is kept high. Not long ago a case was discovered in which the Treasury penalty label had been used to ship through the mails a billiard table. The table had been taken apart and the different portions done up in separate packages. Altogether the pack-

ages weighed several hundred pounds. They were mailed from some point in Rhode Island to Fort Bayard, New Mexico.

But it is said, the Agricultural Department went the Treasury one better recently in the reckless use of penalty labels. It shipped a whole carload of plants clear across the continent by mail. The bottom of a freight car was filled with dirt and in this the plants destined for the Pacific coast were comfortably deposited. Then a penalty label, bearing a notice that any one who used it for other than Government business was liable to a fine of \$300, was placed on the car. The latter was then sent on its way to the distant coast, chaperoned by employees of the Postoffice Department. It was United States mail. This is the sort of thing that makes the Department very sore on the franking privilege and anxious to see Congress throw further restrictions about it, not only at the capitol, but in the other Executive Departments.

When Chairman Overstreet completes his Postoffice appropriation bill and pilots it through the House, he will have time to give his attention to the resolution introduced by Representative Simms of Tennessee, asking for an investigation of the abuses of the franking privilege. If Mr. Overstreet goes at the investigation in dead earnest he ought to be able to afford the country some mighty interesting reading with the help of the Postoffice Inspectors, who have investigated the cases outlined above and many others of the same brand.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free. F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 7c.

The Governor's Extra Session Just Won't Do a Thing

The Kentucky Legislature is dead-locked again on the Rectifiers Tax—while the poor taxpayers are coughing up \$1,000 a day. The Senate voted down the graded license and other amendments Saturday, and finally receded from its former proposition so far as to amend the bill so as to provide a tax of one cent a gallon.

The House, however, refused to recede from its demand for a cent and a half tax, and Conference Committees were appointed in an effort to reach an agreement.

Henry Lin e-ick of Grant county, who has been visiting relatives and friends here the past months, has returned to his home, accompanied by Uncle Thornton Wheat, who has gone to visit his daughter at Berry Station and from there he will go to Anderson, Ind., to visit two other daughters.

Mr. Murphy, the Rural Route man, went over the route last week that L. E. Bobbitt was trying to get up last summer, and reports very favorably of a route to start from here, via Petersville, Burtonville, Epworth and on to Galileo Church, back to the 'Carmel pike to Foxport. In all it will be a 25 mile route.

Excitement prevails at Tharpe, about six miles Southeast of here, over the discovery of gold. Several barrels of ore have been shipped from the Oliver farm and they have received money for it, but whether it is in paying quantity we do not know. Last Saturday machinery was taken up to Mr. Fred Helmman's place to begin digging for ore.

A couple of swindlers went through this community buying stock, and giving checks on the Maysville National Bank. When checks were presented it was learned that neither of them had any money in the Bank. They gave their names as Stacey and Lykins, and they took their stock on to the river and skipped. They purchased a couple of cows of Garrett Mineer at \$40 apiece.

#### STOPS LAND SALE

Ex-Maysville Men Who've Marched to the Front

In Cincinnati Otto H. L. Wernicke sued out an injunction against the Miami Improvement Company, Henry C. Yeiser, William B. Carpenter and John E. Blaine, to stop them from selling land which the Miami Improvement Company holds in Norwood for speculative purposes.

Mr. Wernicke alleges that Messrs. Yeiser, Carpenter and Blaine, who are Directors of the Miami Company, are also Directors in the Globe-Wernicke Company, and that they are seeking to favor the latter at the expense of the stockholders of the Miami. He specifies that they have allowed the Globe-Wernicke Company free use of the Miami Company's land, which adjoins the plant of the Globe-Wernicke Company in Norwood, and that they are preparing to sell the most valuable part of the tract to the Globe-Wernicke Company for \$5,500, although Mr. Wernicke and others are offering \$7,000 for the same piece of ground.

Judge Thompson allowed a temporary injunction to issue, and the case is set for hearing Wednesday.

## Last Week Was the Biggest Corset Selling

Week ever in Maysville. You should have seen the happy-faced ladies. A great problem was solved for many of them. They had found the corset that fitted. I will keep the same numbers and will be glad to have you call and see them. The best Dollar Corset on earth—American Beauty by name.

Spring Goods are here. Come in and see them. Save the difference; buy of

**ROBERT L. HOEFLICH,**

211-213 Market Street,

Sole Agent For American Beauty Corsets, Sorella Skirts, Buster Brown Stockings and Standard Paper Patterns. **The Big 4.**

**12 Months Since**

Last spring's styles were shown, but the many new kinks in men's and boys' wearing apparel would indicate that a much longer period had elapsed. All changes in style, finish and fabric are comprised in the splendid array of novelties now on exhibition at the Korrek One-Price Klothier's. No trouble to show you. Respectfully,

**J. WESLEY LEE,**

#### IN MEMORIAM.

Lucy Catherwood Sedden, wife of George E. Sedden, member of the I. O. R. M., died 7th Sun, Worm Moon, G. S. D. 415.

Whereas, With profound sorrow we learn that the Great Spirit has entered the Wigwam of our dear brother and laid the hand of affliction upon him by removing his beloved wife to dwell forevermore in the Great Wigwam of Eternity. Now, therefore, be it

Resolved, That we, the Brothers of the Improved Order of Redmen of Niagara Tribe No. 96 extend to our bereaved Brother the hand of fraternal comradeship, and with it the whisperings of our hearts in feeble efforts to bring some little consolation to his stricken soul.

Alas, how weak are our endeavors. Look, then, beloved Brother, to the Great Spirit who giveth and taketh away for that consolation we find our tongues too weak to utter. His speaking book containeth words of hope and comfort to those to whom all else is darkness and desolation. Learn from this Great Receptacle of Truth that though she, whom your heart cherisheth, has passed from your earthly vision, "She is not dead, but sleepeth." And be it further

Resolved, That the essence of all true Redmen in this Great Reservation goes out to you in sympathy, and hovering over your Wigwam breathes this benediction, "The Great Spirit bless you and keep you; cause his face to shine upon you and give you peace forevermore." Amen.

#### DECIDE YOURSELF.

The Opportunity Is Here, Backed By Maysville Testimony.

Don't take our word for it. Don't depend on a stranger's statement. Read Maysville indorsement. Read the statements of Maysville citizens And decide for yourself.

Here is one case of it:

Mrs. Mary Thomas, wife of J. A. Thomas of 204 Limestone street, Maysville, Ky., says:

"I am only too pleased to confirm the statement I made in the spring of 1900 recommending Doan's Kidney Pills, after they had relieved me of backache and other symptoms of kidney trouble. I got them at J. Jas. Wood & Son's Drugstore. During the years that have elapsed since I made that statement I have had occasion to give Doan's Kidney Pills a further trial and I have found that it requires only a few doses to ward off attacks of kidney trouble or to check them before they become serious. I can also point to the case of my boy, twelve years old, who at the time I first used Doan's Kidney Pills was troubled a great deal with weakness of the kidneys and could not control the secretions properly. I gave him Doan's Kidney Pills and he improved rapidly under the treatment. The relief he found has proved lasting and from his experience and mine I am certainly warranted in recommending Doan's Kidney Pills."

For sale by all dealers. Price 60 cents a box. Foster-McIlburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no substitute.
